

# Structural and Miscellaneous Steel Fabricators!

## Join the Steel Fabricators of New England.

### **SFNE is the only regional organization that represents your industry!**

#### **There is Power in Numbers**

SFNE is working on a special Prompt Pay initiative with other subcontractor groups throughout New England to rewrite our state's laws to help protect subcontractors and ensure prompt payment for contract work. As the membership of SFNE grows so does its ability to gain support for our Prompt Pay legislation. SFNE members along with all subcontractors must be organized in a grass-roots effort in order to reach out to local state legislators. Favorable Prompt Pay laws have already passed in Connecticut so there is no reason why we cannot do the same in your state. But not without your voice through membership in SFNE!

#### **Networking**

SFNE provides you with a great way to interact with new vendors, other fabricators and even the steel mills. If you were able to solve one sourcing issue or maybe make one new relationship with another fabricator that could sub work for you or vice versa how valuable would that be?

#### **Education**

SFNE conducts seminars and provides speakers that are not only of interest to steel fabricators but could help you improve your profitability. Some of the topics include: avoiding contract traps, managing your health and workman's comp insurance, getting paid for change orders, upcoming changes in engineering codes, steel market and regional construction outlooks and how to help an owner convert a project from concrete to steel!

#### **Cost**

The annual dues are only \$350.00, and for new members the fee is only \$300.00.
